

Viewing the Most Current List of GA Editors in WFDSS

To view the most current list of GA editors please use the **Address Book** located under the **My Home** tab in the **WFDSS Production site**. The list is very dynamic and therefore changes on a regular basis.

- 1 Select **Geographic Area Editor** from the **Roles** drop-down
- 2 If desired narrow filter by **Geographic Area** or **Agency**
- 3 Click **Apply Filter**

The screenshot shows the WFDSS web application interface. At the top, the logo and 'National Preparedness Level: 1' are visible. A navigation bar includes 'My Home', 'Incidents', 'Analyses', 'Intelligence', and 'Data Management'. The 'My Home' tab is active, showing a sidebar with links like 'My Home Page', 'Contact Information', 'Password', 'Privileges', 'System Preferences', and 'Address Book'. The 'Address Book' section is expanded, showing a 'Roles' dropdown menu with 'Geographic Area Editor' selected (callout 1). Below this is a 'User Name' input field and an 'Apply Filter' button (callout 3). The main content area is titled 'Address Book' and contains an 'Address Book Filter' section (callout 2). This section has two filters: 'Geographic Areas' (a list box with options like Alaska, Eastern, Eastern Great Basin, Northern California, Northern Rockies, Northwest, Rocky Mountain) and 'Agencies' (a list box with options like BIA/Tribal, BLM, FWS, NPS, USFS, ANCSA, Other). Both filter sections have '>>' and '<<' buttons. A second callout '2' points to the 'Agencies' filter section.
